

# ARC FLASH & FLAME RESISTANT RAIN SUIT

*Safety means always being ready,  
no matter what the conditions.*

Salisbury's Arc & Flame Resistant PVC Nomex® Rain Suit meets all requirements for arc flash protection rainwear standard ASTM F 1891. Orange suits have an ATPV rating of 9 cal/cm<sup>2</sup> while the yellow suits have an ATPV rating of 7 cal/cm<sup>2</sup>. The jacket includes a collar hood, back vent with D-Ring opening, zipper front, two patch pockets with hook and pile flaps and 3M™ Scotchlite™ reflective trim. The pants include a snap fly front, deluxe suspenders system with quick release hardware and slide adjusters, hook and pile cuff adjusters and 3M™ Scotchlite™ reflective trim. The jackets and pants are available in either florescent yellow or florescent orange, PVC Nomex® and meet Class 3 ANSI/ISEA 107-2004 standards.

PVC Nomex available in florescent orange or yellow.
